Dear Yury Yakovlevich,

The Prosecutor General's Office of Ukraine presents its compliments to the Prosecutor General's Office of the Russian Federation and hereby informs it as follows.

In its letter of 1 October 2014 No. 14/2/2-65iskh-14 addressed to you, the Prosecutor General's Office of Ukraine took a clear stance on the matter of unfounded requests for legal assistance filed by illegitimate law enforcement authorities operating in the temporarily occupied territory of Ukraine (the territory of the Autonomous Republic of Crimea and Sevastopol).

Despite the fact that such actions are in flagrant breach of international law and encroach upon the sovereignty of the state of Ukraine, the Prosecutor General's Office of the Russian Federation continues filing or insisting on the execution of earlier requests of such authorities.

In particular, now the Prosecutor General's Office of the Russian Federation applies for the following requests to be reviewed:

- that of the Investigative Directorate of the Investigative Committee of the Russian Federation for the Republic of Crimea of 29 April 2014 regarding criminal case No. 2014417008;
- that of the Crime Investigation Unit (located in Dzhankoy) of the Investigative Division of the Simferopol Linear Division of the Transport Police of the Ministry of Internal Affairs of the Russian Federation of 7 July 2014 regarding criminal case No. 149018;

<p>Prosecutor General's Office of the Russian Federation Date: 27 November 2015 Time: 1:26 p.m. (illegible)</p>

- that of the Department for Investigation of High-Priority Cases of the Main Investigative Directorate of the Investigative Committee of the Russian Federation for the Republic of Crimea of 11 February 2015 regarding case No. 2014417059, of 4 March 2015 regarding case No. 2014537067 /137-15/, of 16 March 2015 regarding case No. 2014417060;
- that of Linear Police Division No. 1 in Simferopol airport of the Simferopol Linear Division of the Transport Police of the Ministry of Internal Affairs of the Russian Federation of 1 April 2015 regarding case No. 149236, of 21 April 2015 regarding case No. 149143;
- that of Linear Police Division No. 4 in the Kerch station of the Simferopol Linear Division of the Transport Police of the Ministry of Internal Affairs of the Russian Federation of 4 April 2015 regarding cases No. 149058 and No. 149059;
- that of the Investigative Division of the Division of the Ministry of Internal Affairs of the Russian Federation for Feodosia of 10 June 2015 regarding case No. 12014137129;
- that of the Investigative Division for Feodosia of the Main Investigative Directorate of the Investigative Committee of the Russian Federation for the Republic of Crimea of 24 August 2015 regarding case No. 2015577028; /1106-15/
- that of the 532nd Military Investigative Division of the Main Military Investigative Directorate of the Investigative Committee of the Russian Federation for the Black Sea Fleet of 15 July 2015 regarding case No. 22/04/0007-15.

According to Ukrainian law, all authorities, their officers and officials in the temporarily occupied territory as well as their activity are deemed to be illegal if such authorities are established, elected or appointed contrary to Ukrainian law and any certificate (decision, document) issued by such authorities or persons is invalid and entails no legal consequences.

Moreover, we hereby inform you that the Ministry of Foreign Affairs of Ukraine had sent declarations of interpretation to the depositaries of legal assistance agreements to the effect that documents and requests issued and filed by the occupation authorities of the Russian Federation, their officers and officials in the sovereign territory of Ukraine – the Autonomous Republic of Crimea and Sevastopol – and by the self-proclaimed “government authorities” of certain areas of the Donetsk and Lugansk regions of Ukraine, which are temporarily not controlled by Ukraine, are illegal, invalid and entail no legal consequences, irrespective of whether they are provided directly or indirectly or through the government authorities of the Russian Federation.

In light of this, the said requests cannot be executed as set forth by Article 19 of the Convention on Legal Assistance and Legal Relations in Civil, Family and Criminal Matters of 1993 since, if such assistance is provided, this may undermine the sovereignty of our state and stands in direct conflict with Ukrainian law.

In view of the aforesaid, please take action to prevent the sending of documents issued by illegitimate government authorities from the said territories to Ukraine in order to maintain productive cooperation in respect of requests filed by investigation and prosecution authorities operating in the internationally recognised territory of the Russian Federation.

Yours sincerely,

No. 14453-n/dgpch

The Ministry of Foreign Affairs of the Russian Federation presents its compliments to the Embassy of Ukraine in Moscow and with reference to the previous Notes No. 14279/2dsng of 16 October 2014, No. 15642/2dsng of 27 November 2014, No. 17004/2dsng of 8 December 2014, No. 2697-n/dgpch of 11 March 2015, No. 3962-n/dgpch of 1 April 2015, No. 4192-n/dgpch of 6 April 2015, No. 8761-n/dgpch of 9 July 2015, No. 11812-n/dgpch of 28 September 2015, No. 4413-n/dgpch of 25 April 2016, No. 5774-n/dgpch of 27 May 2016, No. 5787-n/dgpch of 27 May 2016, No. 11042-n/dgpch of 10 October 2016, No. 12772-n/dgpch of 22 November 2016 and No. 13091-n/dgpch of 28 November 2016 as well as to the consultations that took place on 1 December 2016, in Minsk, Republic of Belarus, has the honour to draw attention to a number of facts which are allegedly related to the fulfillment by Ukraine of its obligation under the 1965 International Convention on the Elimination of All Forms of Racial Discrimination (hereinafter referred to as “the Convention”).

According to Article 1 of the Convention, as well as in compliance with the fundamental obligations laid down in Articles 2, 4 and 5 of the Convention, States Parties undertake to prohibit and to eliminate racial discrimination in all its forms and to guarantee the equality of right for everyone, without distinction as to race, colour, or national or ethnic origin. This is notably relevant to the enjoyment of the following rights and guaranties:

- The States Parties to the Convention shall declare an offence punishable by law all dissemination of ideas based on racial superiority or hatred, incitement to racial discrimination, as well as all acts of violence or incitement to such acts against any race or group of persons of another colour or ethnic origin, and also the provision of any assistance to racist activities, including the financing thereof (Article 4a);

- The States Parties to the Convention shall not permit public authorities or public institutions, national or local, to promote or incite racial discrimination (Article 4c).

EMBASSY OF UKRAINE

Moscow

In compliance with the fundamental obligations under the Convention, States Parties undertake to guarantee the right of everyone, without distinction of any kind, to equality before the law, in the enjoyment of the following rights:

- The right to security of person and protection by the State against violence or bodily harm, whether inflicted by government officials or by any individual group or institution (Article 5b);
- The right to freedom of thought, conscience and religion, the right to freedom of opinion and expression, the right to freedom of peaceful assembly and association as well as the right to own property alone as well as in association with others (Article 5d).

In this regard, the Russian Party would like to draw attention to the following facts and information related to the situation around believers and priests of the canonical Ukrainian Orthodox Church (hereinafter – the UOC), as well as to the property owned by the Church.

From 2014 to November 2016, about 40 churches owned by the UOC were seized. These seizures took place in the Volyn, Rovno, Ternopol, Ivano-Frankovsk, Lvov, Chernovtsy, Khmelnytskyi, Zhitomir, Cherkassy, Kherson and Lugansk regions. For such seizures, the so-called raiding scheme is still used that involves a so-called veche of the residents of a settlement, which is said to have taken place, and the following “re-registration” of the community’s documents.

The conflict over the Uspensky Cathedral located in the village of Ptichya, Rovno region, has been in place since 2015. Over this period, the representatives of the religious organisation “Ukrainian Orthodox Church of the Kiev Patriarchate” (hereinafter – the “Kiev Patriarchate”) has repeatedly attempted to seize the church despite the court rulings of four instances; there were cases of physical abuse of the UOC priesthood and followers using “non-lethal” weapons, blocking the UOC followers in their church with no access to food, water and medicines. In April 2016, the “Kiev Patriarchate” and representatives of law enforcement bodies blocked the believers in the church again, depriving them of food and water for several days. As of today, the authorities have sealed off the church according to the local court ruling; no church service is being carried out.

What stands out is the efforts of the Ternopol Regional Council to achieve the transfer of all buildings owned by the Holy Uspensko-Pochaevskaya Lavra (located in the town of Pochaev, Ternopol region) to the State Reserve and to eliminate the religious life in the abode. On 12 May 2016, the Council appealed to the President of Ukraine and the Cabinet of Ministers of Ukraine demanding to alienate the complex of the Lavra buildings from the UOC and to cancel all laws and regulations granting the UOC the right to use the religious objects located on the premises of the Lavra.

Since 2014, the Department of Religions and Nationalities of the Ministry of Culture of Ukraine has avoided to register dioceses, monasteries and parishes of the canonical UOC under various pretexts. In this regard, the Holy Synod of the UOC addressed Prime Minister of Ukraine Vladimir Groysman regarding “a biased and prejudiced attitude of the Ministry of Culture of Ukraine towards the Ukrainian Orthodox Church”. The Ministry of Culture of Ukraine continues to put pressure on all registered organisations, unofficially demanding to make amendments to their charters which could simplify the so-called raiding captures in the future.

The Verkhovna Rada of Ukraine with the participation of the Ministry of Culture of Ukraine is working on passing a number of corresponding draft laws, namely:

- draft law No. 4128, of 23 February 2016, “On Amendments to the Law of Ukraine ‘On Freedom of Conscience and Religious Organisations’ (regarding the change of subordination by religious organisations)” introduces the term “membership of a person in a religious community” into the Ukrainian religious law, however, it contains no specific definition of this term. The draft law proposes to grant persons “belonging to a religious community” the right to amend the charter of the community by a simple majority vote. Therefore, the draft law intends to legalise the holding of the so-called “veches” and people’s assemblies with participation of “all” settlement residents as well as non-residents claiming to “belong to a religious community”. In practice, any stranger not residing at the settlement may identify herself or himself as a parishioner of some religious community and participate in the “voting process” regarding its change of subordination. On 1 November 2016, the draft law was put on the agenda to be considered at the fifth session of the Verkhovna Rada of 8th convocation.

Before the draft law was introduced, some churches of the Ukrainian Orthodox Church had been seized using such a scheme. On 29 January 2016, Metropolitan Onufriy noted in his speech at the UOC Bishops’ Council that such “voting processes” of common assemblies to change the subordination of parishes result in “substitution of concepts, where a territorial community is identified with a religious community”.

- draft law No. 4511 of 22 April 2016, “On the Special Status of Religious Organisations with Headquarters in a State Recognized by the Verkhovna Rada as an Aggressor State” envisages procedure of a special “registration” of such religious organisations through “conclusion of an agreement (contract) with the state”, obliging them “to respect sovereignty, territorial integrity and laws of Ukraine”. However, it is intended to “register” or “reregister” religious organisations, which concluded the abovementioned agreement, “after relevant expert assessment of registration documents”. In fact, this draft law is aimed at legitimizing the State bodies’ interference in the appointment of church hierarchs by way of “coordinating the nomination of candidates for posts of central and regional leadership of religious organisations with the central executive authority of Ukraine that pursues the state policy in the field of religion”. According to the draft law, the Ministry of Culture of Ukraine acts as such an authority. The draft law also empowers this executive authority to liquidate special status communities once their cooperation with an aggressor country, members of military or terrorist groups is revealed. On 1 November 2016, draft law No 4511 was included in the agenda for it to be considered at the fifth session of the Verkhovna Rada of 8th convocation. The draft law has been passed in its first reading.

On 14 November 2016, the Holy Synod of the Ukrainian Orthodox Church requested President of Ukraine Petr Poroshenko to make all necessary efforts to prevent the public authorities from attempting to use religious issues and Ukrainian citizens’ religious choice for political manipulations and score-settling between political opponents. The request states: “Most regrettably, insults, threats and incitement to discrimination against millions of followers of our Church have now become common in Ukraine. Public authorities have never made any legal evaluation of such

facts viewed as shameful in a democratic society. So far, current politicians have never been held accountable for multiple cases of inciting to religious strife. The actual state of affairs brings about a discussion on the alarming trends that have emerged in the relations between the Church and the State". The document also highlights that some Ukrainian actors, including the highest-ranking public officials, seek to use the UOC as a tool in their political struggle.

The Russian Party would also like to draw attention to the following situations and incidents relating to the UOC followers and priests and to the UOC-owned property.

In May 2016, in the village of Kamenitsa, Dubno district of Rovno region, where the UOC church had been seized, the "Kiev Patriarchate" community did not let the archpriest of the UOC Holy Intercession Church in the village of Podluzhye enter the cemetery, although he had been invited by the local population to perform a funeral service. The people tried to shove the archpriest's car into the river using a drive truck.

In May 2016, in the village of Rachin, Dubno district of Rovno region, the "Kiev Patriarchate" followers, who had illegally seized the UOC Church of Our Lady of Kazan in 2014, impeded the construction of a new UOC community church and demanded that the community vacate the UOC Chapel of the Great Martyress Varvara at the local rural cemetery.

Backed by the Right Sector activists and not paying any attention to the UOC followers' protests, the "Kiev Patriarchate" community once again seized the church of St. John the Apostle in the village of Kolosovaya, Kremenets district of Ternopol region on 10 June 2016. In the evening the same day the "Kiev Patriarchate" community members brutally beat Y.Ramskoy, a parishioner belonging to the local UOC community. The victim was taken to the intensive treatment unit (he had many injuries and was diagnosed with fractured ribs and a hypertensive crisis).

Backed by activists of radical nationalist organisations, the "Kiev Patriarchate" followers attempted to seize the UOC community-owned Church of the Navity of the Most Holy Mother of God during a church service in the village of Duliby, Goshcha district of Rovno region, on 26 June 2016. The parishioners present in the church were injured.

A three-meter cross at the entrance to the city of Vinnitsa installed there by the UOC followers was dismantled in July 2016.

Shouting "Death to enemies!", members of the Right Sector, the Organisation of Ukrainian Nationalists (OUN) and the Azov Civil Corps radical nationalist organisations blocked the way for the participants in the All-Ukrainian Religious Procession for Peace held by the UOC followers in the vicinity of the village of Chutovo near the administrative border between the Kharkov and Poltava regions on 12 July 2016.

On 13 July 2016, the Borispol City Council of the Kiev region issued an appeal to the participants of the All-Ukrainian Religious Procession for Peace held by the UOC followers demanding that they stay away from the city of Borispol.

Leaving the Mgar Monastery of the Transfiguration of the Saviour, the participants of the All-Ukrainian Religious Procession for Peace held by the UOC followers were blocked by a group of people in camouflage uniform in the village of Mgar, Lubny district of Poltava region, on 18 July 2016.

On 18 July 2016, in the city of Zhitomir, a group of activists from the Right Sector, the Automaidan-Zhitomir and the OUN associations and other radical nationalist organisations blocked the movement of the All-Ukrainian Religious Procession for Peace held by the UOC followers to the Zhitomir Church of the Transfiguration of the Saviour. The OUC followers had intended to march in the procession along Chudnovskogo Street across the centre of the city. Shouting slogans “Death to enemies!”, the radical activists made the people change their route and walk to the church through the city cemetery.

On 22 July 2016, there was an attempt to seize Sts. Vladimir and Olga’s Chapel on the premises of a Railway Hospital in the city of Uzhhorod. As a result, the chapel was damaged and its door locks broken.

The church of the Nativity of the Mother of God was desecrated in the village of Nova Moshchanitsa, Zdolbunov district of Rovno region, on 19 August 2016, the holiday of the Transfiguration of the Saviour. The parishioners’ donations were stolen.

The church of the Exaltation of the Holy and Life-Giving Cross was robbed in the village of Kopytkovo, Zdolbunov district of Rovno region, on the night of 22-23 August 2016. The donations for children suffering from cancer were stolen from the church.

St. Michael’s Church was robbed and desecrated in the village of Zdovbitsa, in Zdolbunov district of Rovno region, on 24 August 2016. The church utensils were scattered all over the place and the parishioners' donations for the church were stolen.

The Church of the Presentation in the Temple of the Most Holy Mother of God, belonging to the OUC Diocese of Alexandriya and situated in 13 Egorova Street was desecrated in the city of Svetlovodsk, Kirovograd region, on 31 August 2016. The church walls were covered with painted images.

On 9 September 2016, in the village of Borovaya, Fastov district of Kiev region, radicals destroyed the Church of the Dormition of the Mother of God being constructed by the OUC community.

On 14 September 2016, after a long period of confrontation, the “Kiev Patriarchate” members finally seized the Church of the Righteous Anna in the village of Kutuy, Shumsk district of Ternopol region.

Sts. Konstantin and Elena Church owned by the UOC community was attacked in the town of Reni, Odessa region, on the night of 23-24 September 2016. Unknown people desecrated the church and scattered the church utensils all over the place. The attackers took the most valuable objects and the donations stored in the church.

In the village of Kamenka, Berezhno district of Rovno region, St. Michael’s Church belonging to the UOC Diocese of Sarny was robbed for the second time in a year on the night of 10-11 October 2016. Unknown people broke down the side doors, desecrated the church and stole the donations. The same night another church was robbed. It was Archangel Michael’s Church in the village of Schekichin, Korets district of Rovno region, also belonging to the UOC Diocese of Sarny. Due to the incidents, Metropolitan of Sarny and Polesye Anatoly, running the Diocese of Sarny,

requested President of Ukraine Petr Poroshenko to protect the believers' religious feelings and the UOC churches against attacks.

Two churches belonging to the Ostrog deanery of the OUC Diocese of Rovno were attacked in the Rovno region on the night of 21-22 October 2016. Unidentified people broke down the doors of St. Nicholas' Church in the village of Tesov, Ostrog district, and stole the parishioners' donations, including the money collected for children suffering from cancer. The doors of St. George's Church in the village of Seyantsy, Ostrog district, were also forced open and the donations were stolen.

In the Rovno region, two churches belonging to the OUC Diocese of Rovno were attacked on the night of 28-29 October 2016. In particular, unknown people broke down the doors of St. Nicholas' Church in the village of Gilcha Pervaya, Zdolbunov district. In the village of Velbivno, Ostrog district, attackers broke down the doors of the Holy Intercession Church, desecrated it, disordered and scattered church utensils.

The UOC Church of Sts. Equal-to-the-Apostles Cyril and Methodius was attacked in the city of Pavlograd on 7 November 2016. Unknown people pelted the church building with Molotov firebombs setting it on fire: the choir gallery with liturgical books was burnt, icons, windows, church utensils, the heating system and mural decorations were damaged.

On 10 November 2016, at 9 Bazhana Prospekt in Kiev, unidentified people entered the building of the Church of the Transfiguration of the Lord by breaking down its entrance doors, tore the lattice off the church stand and stole the church utensils, jewellery and parishioners' donations totalling about 100,000 grivnas.

The Russian Party insists that the Ukrainian Party provide information on the measures taken in connection with the above facts.

The Ministry avails itself of this opportunity to renew to the Embassy of Ukraine in Moscow the assurances of its consideration.

The Ministry of Foreign Affairs of the Russian Federation presents its compliments to the Embassy of Ukraine in Moscow and recalling previous notes No. 14279/2dsng of 16 October 2014; No. 15642/2dsng of 27 November 2014; No. 17004/2dsng of 8 December 2014; No. 2697-n/dgpch of [11] March 2015; No. 3962-n/dgpch of 1 April 2015; No. 4192-n/dgpch of 6 April 2015; No. 8761-n/dgpch of 9 July 2015; No. 11812-n/dgpch of 28 September 2015; No. 4413-n/dgpch of 25 April 2016; No. 5774 n/dgpch of 27 May 2016; No. 11042-n/dgpch of 10 October 2016; and No. 12772-n/dgpch of 22 November 2016; No. 13091-n/dgpch of 28 November 2016; No. 14453-n/dgpch of 29 December 2016 as well as the consultations held on 1 December 2016 in Minsk, Republic of Belarus, has the honour to draw attention to a number of facts that are supposedly related to Ukraine's fulfillment of its obligations under the 1965 International Convention on the Elimination of All Forms of Racial Discrimination (hereinafter referred to as "the Convention").

In accordance with Article 1 of the Convention and in compliance with the fundamental obligations laid down in its Articles 2, 4 and 5, States Parties undertake to prohibit and to eliminate racial discrimination in all its forms and to guarantee the right of everyone, without distinction as to race, colour, or national or ethnic origin, to equality before the law, notably in the enjoyment of the following rights and guarantees:

- States Parties shall declare an offence punishable by law all dissemination of ideas based on racial superiority or hatred, incitement to racial discrimination as well as all acts of violence or incitement to such acts against any race or group of persons of another colour or ethnic origin, and also the provision of any assistance to racist activities, including the financing thereof (Article 4 a);
- Under the Convention, States Parties shall declare illegal and prohibit organisations, and also organised and all other propaganda activities, which promote and incite racial discrimination, and shall recognise participation in such organisations or activities as an offence punishable by law (Article 4 b);
- Shall not permit public authorities or public institutions, national or local, to promote or incite racial discrimination (Article 4 c).

EMBASSY OF UKRAINE

Moscow

In compliance with the fundamental obligations laid down in the Convention, States Parties undertake to guarantee the right of everyone, without any distinction, to equality before the law, notably in the enjoyment of the following rights:

- The right to security of person and protection by the State against violence or bodily harm, whether inflicted by government officials or by any individual group or institution (Article 5 b);
- Political rights, in particular the right to participate in elections on the basis of universal and equal suffrage, to take part in the Government (Article 5 c);
- The right to freedom of thought, conscience and religion, the right to freedom of opinion and expression and the right to freedom of peaceful assembly and association (Article 5 d);

In this regard, the Russian Party would like to draw attention to the following situations and information about the acts or actions against some political parties of Ukraine having widespread electoral support of ethnic groups of non-Ukrainian origin residing in Ukraine, first of all, of the Russian-speaking population; parties proclaiming that their goal is to build good neighbourly relations with Russia; parties upholding internationalism ideas, social movements and their representatives, namely:

- On 30 April 2014, the Kiev City District Administrative Court prohibited the all-Ukrainian Russian Unity party from operating on the Ukrainian territory;

- On 13 May 2014, the Kiev City District Administrative Court prohibited the operation in Ukraine of the Russian Bloc party, that, in accordance with its policy documents, advocated for “civil peace, mutual understanding and rejection of nationalist ideology in State-building”;

- On 20 June 2014, the Zaporozhye District Court granted the application of the Prosecutor’s Office of the Zaporozhye region and prohibited activities of the non-governmental youth organisation Slavyanskaya Gvardiya because its activities allegedly “threatened security and territorial integrity of Ukraine”;

- On 9 April 2015, the Verkhovna Rada of Ukraine adopted a package of laws No. 317-VIII “On Condemnation of Communist and National Socialist (Nazi) Totalitarian Regimes in Ukraine and Prohibition of Propaganda of their Symbols”, No. 314-VIII “On the Legal Status and Commemoration of Fighters for Ukraine’s Independence in the 20th Century”; No. 315-VIII “On Perpetuating the Victory over Nazism in the World War II of 1939-1945”. These laws are in fact aimed at creating conditions that limit the freedom of conscience, opinion, thought and expression of a certain part of the Ukrainian society. The practice reflects the initial one-sidedness of the above-mentioned legislative acts which in fact prove to be ineffective for actual condemnation and prohibition of propaganda of Nazism and neo-Nazism and are used to suppress the activities of political and public associations undesirable to Ukraine's current administration that express the interests of the Russian-language population of Ukraine and uphold the ideas of internationalism as well as to prosecute their representatives.

- Competent authorities of Ukraine apply the legal regime prohibiting the use of symbols very selectively. Public use of Soviet symbols deemed equivalent to the Nazi ones is punished and the remaining elements of Soviet symbols in architecture are subject to elimination. However,

similar prohibition does not hinder free and unimpeded use of signs related to Nazi symbols or copied from them, as well as Nazi symbols proper, by some members of the so-called volunteer battalions, Nazi associations and radical football fans and their public demonstration or duplication usually remains uncondemned and unpunished. Ukraine's competent authorities do not properly analyse and assess the above-mentioned Nazi symbols to see if they may be used in order to incite interethnic hostility.

Meanwhile, on 12 April 2016, Ukraine's Minister of Justice Pavel Petrenko signed order No. 1097/5 affirming the legal conclusion of the group of ten experts on the results of the analysis of symbols, activities and the name of the Socialist Party of Ukraine. According to the expert assessment, the symbols of the Socialist Party containing an image of a hammer together with a composition of elements similar to a sickle are recognized as failing to comply with the law "On Condemnation of Communist and National Socialist (Nazi) Totalitarian Regimes in Ukraine and Prohibition of Propaganda of their Symbols".

On 17 April 2015, the Ivano-Frankovsky Regional Council prohibited the Party of Regions, the Communist Party of Ukraine, the Opposition Bloc and the Party of Development of Ukraine from operating on the territory of the Region because "their activities contradict national interests and violate the rights and freedoms of the citizens of Ukraine". The Regional Council also decided to submit to the Ministry of Justice of Ukraine a proposal to de-register local organisations of these parties;

- On 13 June 2015, in Odessa, activists of the Right Sector, Automaidan, Public Security Council and other movements attempted an illegal takeover of the building where the office of the local branch of the Communist Party of Ukraine is situated. Referring to the agreement allegedly reached with the first secretary of the regional party committee E. Tsarkov regarding the building's security, representatives of radical movements searched the premises and burnt the available documents and symbols. The law enforcement authorities of Ukraine took no measures in response to those actions.

- On 23 July 2015, Minister of Justice of Ukraine Pavel Petrenko signed orders Nos. 1312/5, 1313/5 and 1314/5 banning the Communist Party of Ukraine, the Communist Party of Ukraine (renewed) and the Communist Party of Workers and Peasants from taking part in the election processes in Ukraine on all levels. On 29 July 2015, a letter demanding non-admission of the communist parties to the elections was sent to the Central Election Commission of Ukraine. Due to those actions, the abovementioned parties were suspended from participating in the local elections in October 2015;

- On September 30, 2015, the ruling of Kiev City District Administrative Court banned the activities of the Communist Party of Ukraine (renewed) and the Communist Party of Workers and Peasants;

- On 16 December 2015, the ruling of the Kiev City District Administrative Court banned the activity of the Communist Party of Ukraine (CPU), which, according to its charter, is "against any form of nationalist extremism and chauvinism". Earlier, on 24 July 2014, the CPU parliamentary faction of the Verkhovna Rada was dissolved pursuant to the modified and legislated

rules of procedure of the Verkhovna Rada, adopted by the latter on 22 July 2014 and signed by President of Ukraine Petr Poroshenko that same day. On 24 July 2014, the Chairman of the Verkhovna Rada Alexander Turchinov stated that he would request the Minister of Justice of Ukraine to check the Communist Party of Ukraine's involvement in "organizing separatism" and, if required, ban its activity by judicial means. On 1 April 2015, spokesperson for the Security Service of Ukraine (SBU) Elena Gitlyanskaya voiced at a briefing the intention of the SBU to open criminal proceedings against leader of the CPU Petr Simonenko. The abovementioned steps followed after, in early May of 2014, Petr Simonenko publicly opposed the military operation in south-eastern Ukraine.

Apart from the persecution by the Ukrainian authorities of the Communist Party of Ukraine and its allied movements that advocate internationalism and represent the interests of the Russian-speaking population the parties' members, with the indulgence of the authorities and law enforcement agencies, are being attacked by radical nationalists. Indicative of that are a number of incidents, *inter alia*:

- The Ministry of Justice of Ukraine made public the information that in 2014 over 300 criminal proceedings were initiated against the members of the CPU, in particular, on charges of propaganda of war and corruption.

- According to representatives of the international Komsomol movement MSKO-VLKSM, around 1500 communists and Komsomol members nationwide left Ukraine in 2014 for fear of reprisals. According to them, in 2014 alone 48 communists were assassinated, 152 communists and Komsomol members went missing, around 300 were arrested, around 1000 communists and Komsomol members were put under investigation on criminal charges in Ukraine.

- On 23 July 2014, the body with signs of torture of Vyacheslav Kovshun, the elected official of the local council of Kumachovo of Starobeshevo district, was found in the Glinka village. According to media reports, prior to his death he was subjected to torture at the checkpoint of the National Guard of Ukraine by the Luzhki village, Starobeshevo district, and earlier he had also received repeated threats from the Ukrainian nationalists.

- On 17 March 2016, radical nationalists, armed with clubs and pieces of reinforcing bars, attacked a rally of socialists and communists by the Museum of History in Vladimirskaya Street in Kiev. Although the rally had been coordinated with the local authorities, there were no law enforcement agents at the site. Radicals were beating the participants up with clubs, including the elderly and women; they also poured kefir and white paint over them. As a result of the injuries received, two men were hospitalised. The attackers claimed to be activists of the so-called Azov Civil Corps and "other kind of patriots".

- On 28 June 2016, in Kharkov, at the entrance hall of her apartment block, the leader of the movement Slobozhanshchyna Alla Aleksandrovskaya was detained by the officials of the SBU. After a lengthy search, Alla Aleksandrovskaya was sent to the SBU Department for the Kharkov region. She was accused of attempted bribery of the heads and elected members of the local councils so that during their sessions they would adopt appeals to the Parliament and the President of Ukraine to make amendments to the Constitution of Ukraine regarding the decentralisation of

power. It was triggered by the fact that the Yuzhny City Council, Kharkov region, adopted an appeal to the central authorities of Ukraine for granting wider powers to the local authorities.

At the same time, in Ukraine, with no restriction to their activity, parties, units as well as the so-called voluntary battalions promote the ideas of racial and national exceptionalism, radical nationalism, xenophobia and interethnic hostility and use the Nazi and neo-Nazi symbols, in particular:

- Since 22 March 2014, the Right Sector radical nationalist movement operates as a registered political party. During extraordinary elections to the Verkhovna Rada of Ukraine on 26 October 2014, Dmitry Yarosh, a well-known radical and former leader of the nationalist paramilitary organisation Trizub of Stepan Bandera, together with his active supporters has openly advocated the ideology of integrated Ukrainian nationalism and Ukrainian national exceptionalism.

- On 14 October 2016, an ultra-right nationalist party National Corps was created, with its backbone made up of the supporters of the Azov Civil Corps organisation as well as former participants of the so-called Azov Voluntary Battalion and members of radical nationalist groups. For the purpose of self-identification, the party uses symbols related to the Nazi ones and styled accordingly. The party's platform stipulates the use of a discriminatory approach regarding the issues of granting Ukrainian citizenship, the introduction of censorship, immediate restriction of dissidence. Party's leader Andrey Biletsky is also a parliamentarian of the Verkhovna Rada of Ukraine of the 8th convocation.

- Since 14 February 2004 and up to date, the All-Ukrainian Union Svoboda party, which has become the successor of the Social-Nationalist Party of Ukraine, has been operating in Ukraine. Since 2010, the party has had representation in various local councils of western Ukraine and between 2012 and 2014 formed a parliamentary faction in the Verkhovna Rada of Ukraine of the 7th convocation. Since 2014, members of the All-Ukrainian Union Svoboda have been forming the backbone of the Sich paramilitary organisation that participates in the military operation in south-eastern Ukraine. The Party's leaders (Oleg Tyagnibok, Irina Farion, Andrey Iliencko, Igor Mirosnichenko, Yury Mikhalechishin) allow public statements basing on the ideas of racial and national intolerance, including those of anti-Semitic nature. The party members claim cultural and mental superiority of ethnic Ukrainians, call for discrimination on the grounds of national origin and language and actively advocate the glorification of a number of Ukrainians who collaborated with the Nazis during World War II, including members of the Galichina SS Division and the Organisation of Ukrainian Nationalists-the Ukrainian Insurgent Army (OUN-UPA).

Hardline rhetoric of Parties' activists as well as of officials and public figures that could be considered as inciting xenophobia and ethnic enmity receives no competent legal assessment from Ukrainian law enforcement agencies. The following examples of such rhetoric can be cited:

- On 11 June 2014, in his interview with the TSN news service (the 1+1 TV channel) Minister of Defence of Ukraine Mikhail Koval said in relation to Donbass residents: "There will be overall filtration. I mean actual filtration measures. In order to have no one linked to separatism among our people, including women."

- On 14 November 2014, in his address at the 2020 Strategy Forum in Odessa, President of Ukraine Petr Poroshenko said the following regarding the situation in Donbass: “Because we will have jobs, and they will have none. We will have pensions and they will have none. We will have child care and elderly care and they will have none. Our children will attend schools and kindergartens and their children will sit in basements! Because they cannot do anything. And this is how, this is precisely how we will win this war.”

- On 28 May 2015, in his interview to the LigaBusinessInform media outlet, Minister of Internal Affairs Arsen Avakov said: “This is my position: the line of contact must be completely closed. For everything. This is my radical point of view – the junta way, our way. The line must be closed. You can cross it on feet, or in a civilian passenger vehicle, but no goods can cross it. Let them receive goods from Russia. I have also proposed to impose a 100% duty on our goods for occupied territories.”

- On 29 May 2015, Ilya Kiva, Deputy Head of the Main Directorate of the Ministry of Internal Affairs of Ukraine in the Donetsk region, posted the following message on his Facebook page: “I call for all civil societies and activists of Kiev to block the movement of buses of the Sheriff-Tour company on routes Kiev-Donetsk and Donetsk-Kiev, which encourage the spread of terrorist plague and filth in Ukraine. P.S. If I could, I would shoot those travellers to the “DPR”, the lovers of referendums and parades of Ukrainian prisoners of war... The only thing that can sober up Donbass is a tough stance of the society!!!! There are no nuances! There are only US and OUR ENEMIES!!! This is the only way to stop this plague!!!!” (with original spelling and punctuation);

- On 1 February 2016, in her interview to the ZIK TV channel, member of the Political Board of the All-Ukrainian Union Svoboda, deputy of the Verkhovna Rada of the 7th convocation Irina Farion said: “The East of Ukraine is guilty of the lack of adequate politicians in the Ukrainian society who would explain to the East that it is part of Ukraine and that the Ukrainian language must be the dominant one in Donetsk and Lugansk. As for those who do not like it – the borders are open, you can hop into a car and leave.” Earlier, on 3 June 2010, in her interview to the UTZapad TV channel, Irina Farion said: “14% of Ukrainians indicated Russian as their mother tongue, the language of the occupants. It reveals a terrible mutation in their minds. These are 5 million of imbecile Ukrainians.” In February 2010, at an open lesson in the kindergarten No.67 of Lvov, deputy of the Lvovsky Regional Council Irina Farion told the children: “Never be Alyonka. Because if you become Alyona, little one, you will have to pack your bags and leave for Muscovia. <...> While Marichka is ours, Masha is not our name: let her go to where these Mashas live. <...> If somebody calls a boy Petya instead of Petrik, he is not a Ukrainian, either he should leave or learn his proper name in the Ukrainian language.”

- On 1 June 2016, Chairman of the Verkhovna Rada Andrey Parubiy said the following about renaming Dnepropetrovsk and an initiative by some of the deputies to hold a referendum among the locals on the renaming: “Occupants from Moscow have killed millions of Ukrainians in the East of Ukraine. They exterminated our grandfathers by the million in the territories that they later populated with settlers from across another country. And today you suggest that we appeal to the opinion of the local population? Today – to appeal to the opinion of people who live there?”

- On 23 November 2016, in the Svoboda Slova programme on the ICTV TV channel, Minister of Culture of Ukraine Evgeny Nishchuk gave the following reply to a question concerning Ukrainian culture in the south-east of Ukraine: “The situation in the east and in the south reveals a mental confusion. What is more, when we talk about genetic heredity in Zaporozhye, in Donbass – the population of all these towns was brought from outside. There is no genetic heredity there. Those people were relocated on purpose. Cherkassy is a glorious land of hetmans and Shevchenko. But half of the population of Cherkasy was brought from outside. Why? Because they were scared of that Shevchenko's spirit”.

Besides, there have been situations and actions by radical nationalists in Ukraine that may also be relevant to Ukraine's fulfilment of its obligations under the Convention, in particular:

- On 25 February 2016, a group of radical nationalists from the so-called Azov Civil Corps attacked a building hosting the Ukrainian Inter TV channel in Kiev. The reason for discontent was the company's editorial policy as well as employment of Russian citizens by the channel. About 50 activists of the corps blocked the main entrance to the channel's office, attempted to storm and invade it. The Ukrainian law enforcement agencies took no action in this connection. On 4 September 2016, a group of radicals set fire to car tires next to the Inter building and threw smoke bombs at it. A fire broke out and the journalists had to evacuate urgently. In the aftermath, an anti-personnel mine was found near the entry to the Inter office.

- On 2 August 2015, several dozens of radicals dressed in camouflage, led by Mark Gordienko and Evgeny Rezvushkin, attacked participants in a rally to honour victims of the tragedy of 2 May in Odessa. A group of radicals attacked activists with traditional black balloons that are sent into the sky every month to honour the victims. The Ukrainian law enforcement officers did not undertake any visible efforts to stop these actions.

- On 30 September 2015, militants and activists of the Right Sector attempted to curtail the freedom of a group of Greek citizens by blocking the entrance to the Duke hotel at Chaikovskogo Street in Odessa. Radicals tried to enter the hotel and prevent the Greek delegation from participating in the round table “Prospects of European Integration in the Odessa Region. Human Rights, Freedom of Speech and Core European Values”. Greek deputies and prominent public figures were to participate in the event. Radicals and nationalists were holding banners that read “Foreign Russophiles are not welcome in Ukraine”. The law enforcement agencies did not suppress the action.

- On 10 March 2016, a group of radicals attacked activists of the Odessa Antimaidan movement who were brought to a hearing of the Malinovsky District Court on charges of organising riots during the events of 2 May 2014 near the Odessa Trade Unions Building. There were clashes near the court during the long break in the court hearing. Radicals chased the accused who had left the court. As a result, several of the accused received injuries: two Antimaidan activists were sprayed pepper gas into the eyes, one was hit on the head, one more suffered a concussion and could not continue participating in the hearing. An elderly woman was among the victims of the beating. The Ukrainian police did not suppress these actions by the radicals.

- On 2 April 2016, during the commemorative events that took place at the Kulikovo Field in Odessa and were organised by a small number of relatives of the victims of the tragedy that had happened in the Odessa Trade Unions Building on 2 May 2014, a group of radicals committed an act of vandalism against candles, vigil lamps and flowers brought to the building by the activists after their leaving. When the relatives of the victims returned to place the vigil lamps and flowers back, a small explosion occurred. One man received arm injuries.

- On 9 May 2016, in a number of Ukrainian cities members of radical organisations attempted to disrupt or sabotage the solemn events commemorating the Victory Day – a holiday of particular significance for the victory over Nazism that based itself on theories of racial and ethnic supremacy. But the law enforcement agencies did not suppress these actions. Such cases include:

Unidentified persons tried to take away a copy of the Victory Banner from an elderly man, which he had spread during the Victory Day celebrations in Zaporozhye on 9 May. Law enforcement officers intervened in the conflict. Alexander Soloshenko, representative of the press service of the national police of the Zaporozhye region, commenting that incident at the 112 Ukraine TV channel, said that police representatives had communicated with the holder of the flag and had persuaded him to fold the flag, upon which the “incident had been closed”.

Nationalists committed attacks on people wearing St. George Ribbons near the Memorial of Glory in Kharkov.

Ukrainian radicals of the Azov Battalion attacked the veterans of the Great Patriotic War participating in the parade in Nikolaev.

A group of aggressive nationalists attacked a 10-year-old girl and her mother participating in the Immortal Regiment march in Kiev. The reason for the attack was the St. George’s Ribbons on their clothes. The radicals took away the Ribbons and burnt them at once. Moreover, a group of aggressive young people attempted to organise clashes with participants of the Immortal Regiment march near the Eternal Glory Monument in the Victory Park in Kiev.

- On 10 May 2016, Kiev radical nationalists demolished the monument to Tatyana Markus, Kiev underground fighter who had fought against Nazi troops and was shot in 1942.

Moreover, there are “military patriotic” educational camps and “recreation centres” for children and young people in Ukraine, where ideas that could be classified as xenophobic and radical extremist are fostered in them. Combatants that had fought in Donbass and supporters of radical nationalist associations are engaged as teachers and group leaders in these camps. The training courses on weapons handling and searching for spies as well as on weight training are organised for children during camp sessions.

A number of such “recreation centres” for children were organised in 2015-2016 in Ukraine: the Azovets Camp was operating in Pushcha-Vodytsa Park in Kiev; the Slobozhanin Camp – at the training base of the Azov Battalion in the town of Valky of the Kharkov region; the Northern Corps Camp – in the village of Klochkov of the Chernigov region; the Zaporozhye Camp – in the village of Lunacharskoe of the Zaporozhye region; the Kuznya Unezh Camp – in the Dniester Canyon of the Kirovohrad region; the Gaydamatske Kolo Camp – in the city of Cherkassy, and the Right Sector Tent Camp – near the town of Trakhtemirov of the Cherkassy region.

The Russian Federation has consistently opposed xenophobia, radical nationalism as well as any attempts of glorification of Nazism or any form of the Nazi movement, neo-Nazism and former members of the Waffen SS, including through creating monuments and memorials and conducting demonstrations in order to glorify the Nazi past, Nazi movement and neo-Nazism as well as through declaring or trying to declare such members and those who struggled against the anti-Hitler coalition and cooperated with the Nazi movement as members of national liberation movements. These provisions are enshrined, in particular, in the text of annual United Nations General Assembly resolutions entitled “Combating glorification of Nazism, neo-Nazism and other practices that contribute to fuelling contemporary forms of racism, racial discrimination, xenophobia and related intolerance.” The last time the corresponding resolution No. 71/179 was adopted on 19 December 2016.

In this regard, the Russian side would like to draw attention of the Ukrainian side to the following situations and events supposedly related to the implementation of Ukraine’s obligations under the Convention:

- On 14 October 2014, President of Ukraine Petr Poroshenko cancelled the celebration of the Defender of the Fatherland Day on 23 February by his Decree No. 806/2014 and by Law No. 238-VIII “On Amendments to Article 73 of the Labour Code of Ukraine” adopted by the Verkhovna Rada on 5 March, 2015, a new holiday was created – the Defender of Ukraine Day that is to be celebrated on 14 October “to facilitate further reinforcement of patriotic spirits in society.” For the record, 14 October is the date when the Ukrainian Insurgent Army, which cooperated with the Nazis during Second World War, was created.

- On 12 October 2007, Roman Shukhevich, one of the leaders of the nationalist movement, was posthumously awarded Hero of Ukraine title by Decree of President of Ukraine Viktor Yushchenko. Roman Shukhevich was awarded the honorary citizen title in the western Ukrainian cities of Khust, Ternopol, Ivano-Frankovsk and Lvov in 2010.

- On 22 January 2010, Stepan Bandera, leader of the Organisation of Ukrainian Nationalists, was awarded the Hero of Ukraine title by Decree of President of Ukraine Viktor Yushchenko. Stepan Bandera was also awarded the Honorary Citizen title in the western Ukrainian cities of Lvov, Ternopol, Ivano-Frankovsk and Khust in 2010.

- On 17 April 2015, representatives of the All-Ukrainian Union Svoboda Party and Euromaidan movement (about 300 persons) marched in the centre of Odessa. The declared aim of the march was to honour the memory of Maxim Chaika, football fan and one of the activists of the nationalist movement. The participants of this procession marched through the city centre crying out the following Nazi-like slogans: “Moscovites to be knifed”, “White Man – Great Ukraine” and “Glory to Ukraine –to Heroes Glory”. The marchers were aggressive and used pyrotechnical devices, but the law enforcement agencies did not intervene.

- On 1 January 2016, torchlight processions commemorating the 107th anniversary of the birth of Stepan Bandera took place in Kiev, Lvov, Sumy, Kherson, Dnepropetrovsk and Odessa.

- On 7 July 2016, the Kiev City Council made a decision to rename the Moskovsky Prospekt to the Prespekt of Stepan Bandera. Moreover, the streets of many towns of western

Ukraine are named after Stepan Bandera and Roman Shukhevich and their birthdays are widely celebrated with the organisational support of local executive authorities.

- On 8 September 2016, the Rovensky Regional Council requested Petr Poroshenko to award Stepan Bandera Hero of Ukraine title once again.

- On 14 October 2016, a torchlight procession commemorating the establishment of the Ukrainian Insurgent Army (UPA) as well as the Defender Day took place in Kiev. About 5000 representatives of the Azov Civil Corps, Right Sector as well as the Sich nationalist association (the so-called March of the Nations) crying out xenophobic slogans took part in the procession. The Svoboda Party organised a similar march earlier the same day.

The Russian side urgently demands that the Ukrainian side provide information on measures taken by the Ukrainian authorities with regard to the abovementioned events and also provide information on holding those guilty of the above-mentioned actions and acts accountable.

The Ministry avails itself of this opportunity to renew to the Embassy of Ukraine in Moscow the assurances of its consideration.

REQUEST
for legal assistance

The First Investigative Division of the Department for Investigation of High-Priority Cases of the Main Investigative Directorate of the Investigative Committee of the Russian Federation for the Republic of Crimea investigates a criminal case No. 2014417004, initiated on 4 April 2014 for an offence under paragraph 1 of Article 105 of the Criminal Code of the Russian Federation.

On 15 March 2014, the corpse of Reshat Midatovich Ametov, date of birth: 24.01. 1975, with signs of violent death, was found in the village of Zemlyanichnoe of the Belogorye district of the Republic of Crimea.

The preliminary investigation established that on 3 March 2014, from 9 a.m. to 11 a.m, R.M. Ametov was in Lenina Square in Simferopol near the building of the Council of Ministers of the Autonomous Republic of Crimea, where at around 11 a.m. that same day he was approached by A.S. Rudenko, A.N. Baglyuk and E.V. Skripnik who suggested that he should leave the square. After R.M. Ametov refused to do so, A.S. Rudenko and A.N. Baglyuk led him away from the square and made him get in a car, Chevrolet Lacetti. After that, A.N. Baglyuk stayed in the square, while A.S. Rudenko, E.V. Skripnik and other unidentified persons took R.M. Ametov to the premises at the address: 11 Karla Liebknechta- Dolgorukovskaya Street, Simferopol, Republic of Crimea.

The investigation failed to establish the circumstances and whereabouts of R.M. Ametov in the period from 3 March 2014 to 15 March 2014. No perpetrator of the crime was identified.

According to Russian law, the statutory limitation for criminal prosecution for the crime has not expired.

The investigation established that R.M. Ametov had a mobile phone with a subscriber number +38-050-259-61-03. In view of this, to identify the persons with whom R.M. Ametov talked on the phone between 1 January 2014 and 15 March 2014 and to establish his whereabouts during such connections between 3 March 2014 and 15 March 2014, it is necessary to obtain information concerning his subscriber connections and to identify subscribers who were in the vicinity of the village of Zemlyanichnoe of the Belogorye district of the Republic of Crimea between 14 March 2014 and 15 March 2014, where the corpse of R.M. Ametov was found.

It is necessary to carry out a number of procedural actions in Ukraine to ensure impartiality, comprehensiveness and completeness of the criminal investigation.

In view of the aforesaid, based on the European Convention on Mutual Assistance in Criminal Matters of 20 April 1959, the Convention on Legal Assistance and Legal Relations in Civil, Family and Criminal Matters of 22 January 1993 and Articles 453 and 454 of the Criminal Procedural Code of the Russian Federation,

Acting Prosecutor of the Republic of Crimea, Warning issued to

of violating the law, 23 April 2014

WARNING

on the impermissibility of violating the law

Simferopol

23 April 2014

Having examined information published online on the official website of the news agency UNIAN, it was established that actions of R.A. Chubarov, Chairman of the Mejlis of the Crimean Tatar People, could violate Federal Law of 25 July 2002 No. 114-FZ "On countering extremist activities" (hereinafter - Federal Law of 25 July 2002 No. 114-FZ).

Thus, according to Article 1 of Federal Law of 25 July 2002 No. 114-FZ, extremist activities mean instigating social, racial, ethnic strife, propaganda of exceptionality, superiority or inferiority of human based on his or her social status, race, ethnicity, or language.

As reported by the news agency UNIAN and widely covered in the mass media, on 19 April 2014, a state flag of Ukraine was raised on the building of the Mejlis of the Crimean Tatar People situated at the address: Simferopol, 2/27 Shmidta/Naberezhnaya Street for the purposes of propaganda and public demonstration, which resulted in incitement of social and ethnic strife and propaganda of exceptionality.

The above actions provoked a conflict among residents of the Republic, as a result of which unidentified men in camouflage gear took down the state flag of Ukraine on 21 April 2014. Harm could have been inflicted to the health of the employees of the Mejlis of the Crimean Tatar People. Later on (on 22 April 2014), the state flag of Ukraine was raised again on the above building at the address: Simferopol, 2/27 Shmidta/Naberezhnaya Street.

Article 280.1 of the Criminal Code of the Russian Federation provides for liability for public calls for any actions aimed at violating the territorial integrity of the Russian Federation.

Given the public and political situation in Crimea, such actions may provoke an inter-ethnic conflict and violations of Federal Law of 25 July 2002 No. 114-FZ "On countering extremist activities" and concern the interests of a large number of residents of the republic.

In light of the above, relying on para. 2 of Article 22, Article 25.1 of the Federal Law "On the Prosecutor's Office of the Russian Federation",

I HEREBY WARN

TRUE COPY
Head of Department 27
A.V. Alekseev

Refat Abdurakhmanovich Chubarov, Chairman of the Mejlis of the Crimean Tatar People, against any violation of Federal Law of 25 July 2002 No. 114-FZ "On countering extremist activities" and clarify (warn) that any violation of that federal law entails liability established by law.

Annex 523

Prosecutor of the Republic of Crimea, Warning issued to Mr Refat Chubarov, Chairman of the *Mejlis*, on the impermissibility of carrying out extremist activities, 3 May 2014

Translation**WARNING
on the impermissibility of carrying out extremist activities**

Simferopol

3 May 2014

On 3 May 2014, R.A. Chubarov, Chairman of the Mejlis of the Crimean Tatar People, in breach of Articles 4–5 of Federal Law of 19 June 2014 No. 54-FZ “On assemblies, rallies, demonstrations, marches and picketing”, planned, prepared, and organised a public event in the territory of Armyansk of the Republic of Crimea and led some 1,500 people representing the interests of the Mejlis of the Crimean Tatar People whom he invited to attend the above event.

Thus, at around 10 a.m. on 3 May 2014, a column of 100 cars, two buses, and two minibuses carrying some 1,500 people of Crimean Tatar ethnicity entered the territory of Armyansk.

As instructed by R.A. Chubarov, these people blocked the “Kherson-Kerch” highway in the vicinity of the road sign “115th km” and then took part in a meeting organised by R.A. Chubarov, with the latter voicing his support for M. Dzhemilev, an unofficial leader of the Crimean Tatar people and people’s deputy of the Verkhovna Rada of Ukraine.

The authorised bodies banned M. Dzhemilev from entering the territory of Russia.

R.A. Chubarov formed a column out of the protesters, and they started moving toward the Turetsky Val border checkpoint waving Crimean Tatar national flags, where, in breach of federal legislation on crossing the state border of the Russian Federation, R.A. Chubarov and some protesters (500 people) crossed the Russian-Ukrainian state border in the area of the above border checkpoint and went on foot to a Ukrainian border post to meet M. Dzhemilev.

Besides, R.A. Chubarov and the above people led by him – acting in an organised manner and using physical force despite verbal protests of authorised officials on duty at the “Turetsky Val” border checkpoint – drove out police officers and border guards of the Russian Federation from the border post, basically captured the Turetsky Val border checkpoint and held it for some five hours (between 12 p.m. and 5 p.m. on 3 May 2014) until law enforcement officers arrived.

After negotiating with the law enforcement officers, R.A. Chubarov, M. Dzhemilev, and the protesters refused to vacate the Turetsky Val border checkpoint and to stop their unlawful activities, thereby impeding the government bodies’ lawful activities.

In light of this, the actions of R.A. Chubarov, M. Dzhemilev, and the unidentified people representing the Mejlis of the Crimean Tatar are regarded as violating Federal Law of 19 June 2004 No. 54-FZ “On assemblies, rallies, demonstrations, marches and picketing”, Federal Law of 25 July 2002 No. 114-FZ “On countering extremist activities”.

The above actions of R.A. Chubarov, M. Dzhemilev, and the unidentified people involved in that public event practically led to mass civil disorders in the territory of Armyansk, impeded the government bodies’ lawful activities, and are fraught with violence and threatened violence.

Further, R.A. Chubarov organised and prepared the above unlawful actions on behalf of the Mejlis of the Crimean Tatar People and publicly called the people who had arrived in Armyansk to take such actions.

Moreover, in breach of Articles 4–5 of Federal Law of 19 June 2014 No. 54-FZ “On assemblies, rallies, demonstrations, marches and picketing”, R.A. Chubarov organised other unlawful public events associated with protests in support of M. Dzhemilev: people of Crimean Tatar ethnicity representing the interests of the Mejlis of the Crimean Tatar People blocked motor roads in residential settlements in the vicinity of Belogorsk, 95th km of the Simferopol–Kerch highway, Bakhchisaray, village of Amurskoe of the Krasnogvardeysk District, Sudak, village of Strogonovka on the Alushta-Yalta highway, and in the Lenin, Soviet, and other districts of the Republic of Crimea.

Unlawful public events organised on behalf of the Mejlis of the Crimean Tatar are still taking place in the territory of the Republic of Crimea.

In view of the above, relying on Article 7 of Federal Law of 25 July 2002 No. 114-FZ “On countering extremist activities”,

I HEREBY WARN:

Refat Abdurakhmanovich Chubarov, Chairman of the Mejlis of the Crimean Tatar People, against any extremist activities.

I demand that the extremist activities be immediately stopped.

I clarify that if the breaches of federal law set forth in the warning are not remedied, the Mejlis of the Crimean Tatar People will be liquidated and its activities will be prohibited in the territory of the Russian Federation as provided for by Federal Law of 25 July 2002 No. 114-FZ “On countering extremist activities”.

The warning may be challenged in court.

on the impermissibility of violation of the legislation
on countering extremist activities
and mass media legislation

On 3 May 2014, an unauthorised rally was held at the checkpoint across the State Border of the Russian Federation "Armyansk" (Turetsky Val) and the adjacent territory so that some 1,500 Crimean Tatars could meet the People's Deputy of Ukraine M.A. Dzhemilev; the rally was fraught with violence against government officials, the state border of the Russian Federation was crossed, and other illegal actions were taken.

At the same time, representatives of the "Television Company "Atlant-SV" LLC (ATR TV channel, ATR T TV channel) performed video recording at the place where these illegal actions (which could incite mass disturbances) were carried out. As a result, the TV channel aired a video of the unauthorised rally, during which some of its participants made statements calling for the commission of illegal acts, including those extremist in nature. Such actions of a media outlet that publicly airs statements inciting ethnic and other hatred to a wide audience, in accordance with Art. 1 of the Federal Law "On countering extremist activities", may be extremist in nature. The specified Federal Law prohibits the dissemination of extremist materials through media outlets and the implementation of extremist activities by them.

/Seal: ATLANT-SV (illegible)/

/Stamp: Prosecutor's Office of the Republic of Crimea, (illegible)/

No. AB 003347

Moreover, according to Part 1 of Art. 4 of the Law of the Russian Federation "On mass media", it is not allowed to use the mass media for the purpose of committing criminal offenses, as well as for the dissemination of extremist and other materials.

When preparing and then releasing materials, media outlets do not take into account and do not consider repeated extremist statements of M.A. Dzhemilev and other persons concerning the need – having no alternative - to free Crimea from representatives of Russian ethnicity, the Mejlis support of persons expressing anti-occupation slogans at public events, and aggression against the flag of the Russian Federation.

In addition, in accordance with Order of the Council of Ministers of the Republic of Crimea of 22 April 2014 No. 332-r "On events dedicated to the Day of Remembrance for the victims of the

deportation from Crimea” (with appendices), L.E. Islyamov is not only a member of the Organising Committee on the preparation and holding of these events and its deputy chairman, but also is the only person entrusted with monitoring the implementation of the order.

Despite this, entertainment and mourning events are allowed to be held simultaneously in immediate territorial vicinity that can lead to conflicts among participants as well as other unauthorised mass actions. Thus, with the support of the ATR channel, a concert of the Russian band “Kipelov” is scheduled to take place from 18:00 at the Crimean Academic Ukrainian Musical Theatre (Lenin Square, Simferopol) on 17 May of this year. At the same time, the Organising Committee on the preparation and holding of the events dedicated to the Day of Remembrance for the Victims of the Deportation from Crimea, involving L.E. Islyamov, is planning to hold a mourning youth event “Light a fire in your heart” in Simferopol on Lenin Square on the same date. The mourning event of the Mejlis of the Crimean Tatar People is supposed to be held involving at least 5,000-6,000 people from 17:00 to 22:00 on 17 May 2014.

These actions, namely the organisation of the rock concert, in which a significant number of differently minded fans (supporters) are going to take part, while at the same time holding mourning events commemorating the 70th anniversary of the deportation from Crimea, can be provocative in nature, lead to public disorder and manifestations of extremism, pose a threat to the life and health of citizens, and lead to other negative consequences.

The possible aggravation of the crime situation, the further destabilisation of the inter-ethnic situation in the Republic of Crimea, possible provocations on these days are evidenced by events in the neighbouring regions in the south-eastern part of Ukraine, as well as by numerous statements of the leaders of the Mejlis.

/Seal: ATLANT-SV (illegible)/

/Stamp: (illegible)/

It should be noted that the prosecutor’s office receives applications from citizens fearing the aggravation of inter-ethnic relations that contain requests to take appropriate response measures.

Based on the above, guided by Art. 22, 25.1 of the Federal Law “On the Prosecutor’s Office of the Russian Federation”, Art. 6 of the Federal Law “On countering extremist activities”, in order to prevent offenses,

I WARN

the founder of the “Television Company “Atlant-SV” LLC (ATR TV channel, ATR T TV channel) Lenur Edemovich Islyamov on the impermissibility of carrying out extremist activities and violating the Federal Law “On countering extremist activities” and the Law of the Russian Federation “On mass media”.

If the demands set out in the warning are not complied with, the guilty person may be held responsible in accordance with the established procedure.

WARNING

on the impermissibility of carrying out extremist activities

Dzhankoy District

5 July 2014

An external (outside Crimea) meeting of the Mejlis of the Crimean Tatar People was held for the first time on 4 July 2014. It was dedicated to such matters as the implementation progress of the Resolution of the Qurultay of the Crimean Tatar People of the 4th Convocation of 29 March 2014 “On the exercise of the Crimean Tatar people’s right to self-identification in their ancestral territory – in Crimea”, the date and items on the agenda of the regular session of the Qurultay of the Crimean Tatar People, and others.

The Resolution of the Qurultay of the Crimean Tatar People of the 4th Convocation of 29 March 2014 declared the start of political and legal procedures aimed at creating (restoring) the national and territorial autonomy of the Crimean Tatar people in their ancestral homeland – in Crimea.

As it follows from para. 2 of the Statute of the Mejlis of the Crimean Tatar People adopted at the 3rd Session of the Qurultay of the Crimean Tatar People of the 4th Convocation of 12 September 2004, one of the main objectives of the Mejlis of the Crimean Tatar People is the exercise of the Crimean Tatar people’s right to free national and state self-identification in their national territory. To achieve this, the Mejlis of the Crimean Tatar People particularly seeks the determination of the status of Crimea within Ukraine on a national and territorial basis.

According to Part 2 of Article 19, Part 2 of Article 29 of the Constitution of the Russian Federation, the State shall guarantee the equality of civil and human rights and freedoms regardless of sex, race, ethnicity, language, origin, property and official status, place of residence, religion, convictions, membership in public associations, and other circumstances. All forms of limitations of human rights on social, racial, ethnic, linguistic or religious grounds shall be prohibited. No propaganda or agitation instigating social, racial, ethnic or religious hatred and strife shall be allowed. Propaganda of social, racial, ethnic, religious or linguistic superiority shall be prohibited.

To protect the rights and freedoms of man and citizen, the fundamentals of the constitutional system, to ensure the integrity and security of the Russian Federation, the Federal Law “On countering extremist activities” created a legal and organisational framework for countering extremist activities and established responsibility for engaging in such activities. For instance, according to Article 1 of the Federal Law “On countering extremist activities”, extremist activities (extremism) mean a violent change of the fundamentals of the constitutional system and violation of the integrity of the Russian Federation, instigation of social, racial, ethnic, or religious strife, and public calls for the above actions.

However, as it is evident from the Resolution of the Qurultay of the Crimean Tatar People of the 4th Convocation of 29 March 2014 “On the exercise of the Crimean Tatar people’s right to self-identification in their ancestral territory – in Crimea” and the Declaration of National Sovereignty of the Crimean Tatar People adopted on 26–30 June 1991 at the 1st Session of the Qurultay of the Crimean Tatar People of the 2nd Convocation, other materials and actions, attempts are still made to create a sovereign national entity, which contradicts both the Constitution of the Russian Federation and the Federal Law “On the national and cultural autonomy”.

The pursuance of this objective not only entails grave problems in the territory of the Republic of Crimea but also runs counter to the interests of people of other ethnicities and may have an adverse impact in the Russian Federation by triggering ethnic nationalism and extremism across the entire federal state.

Besides, it should be noted that a meeting of the Mejlis of the Crimean Tatar People held in the Kherson Region of Ukraine was attended not only by R.A. Chubarov, Chairman of the Mejlis of the Crimean Tatar People, and other heads of regional Mejlises, but also by M.A. Dzhemilev, People's Deputy of Ukraine, who is denied entry into the territory of the Russian Federation in view of his unlawful actions.

Additionally, on 17 June 2014, M.A. Dzhemilev, the leader of the Mejlis of the Crimean Tatar People, and I.V. Kolomoysky, Chairman of the Dnepropetrovsk Regional State Administration (Ukraine), signed a memorandum wherein, among other, the Crimean Tatar people is promised to receive support for their struggle for the return of Crimea into a sovereign and independent state of Ukraine.

The above circumstances indicate that the pre-conditions are being created not only for the repetition of unlawful actions by the Mejlis of the Crimean Tatar People that took place on 3 May 2014 in the vicinity of the Armyansk (Turetsky Val) border checkpoint at the Russian border and other places in the republic, but also for other extremist actions.

The tendency toward the provocation of conflicts and the desire to exacerbate the situation in the republic are also evidenced by the fact that, following the meeting of the Mejlis of the Crimean Tatar People headed by R.A. Chubarov that took place on 12 June 2014, Decision No. 16 "On the Upcoming Election of Deputies to the State Council and Representative Bodies of Municipalities in the Republic of Crimea" was made not to nominate any candidates whom the Crimean Tatar local self-governance bodies recommended to be elected as deputies to the State Council of Crimea and to call all Crimean residents not to participate in the election of deputies scheduled for 14 September 2014.

In pursuance of his intention, on 26 June 2014, in the course of celebrations of the Day of the Crimean Tatar Flag in the "Fontany" micro-district of Simferopol, R.A. Chubarov, Chairman of the Mejlis of the Crimean Tatar People, publicly called to boycott the election to the State Council of the Republic of Crimea.

Thus, despite the fact that R.A. Chubarov, Chairman (representative) of the Mejlis of the Crimean Tatar People, was warned against the impermissibility of extremist activities on 4 May 2014, such activities were not stopped, and unlawful public events organised on behalf of the Mejlis of the Crimean Tatar are still taking place in the territory of the Republic of Crimea.

In view of the above, relying on Article 7 of Federal Law of 25 July 2002 No. 114-FZ "On countering extremist activities",

I WARN

once again Refat Abdurakhmanovich Chubarov, Chairman of the Mejlis of the Crimean Tatar People, on the impermissibility of any extremist activities.

I demand that the extremist activities be immediately stopped.

I clarify that if the breaches of federal law set forth in the warning are not remedied, the Mejlis of the Crimean Tatar People will be liquidated and its activities will be prohibited in the territory of the Russian Federation as provided for by the Federal Law "On countering extremist activities".

The warning may be challenged in court.

[On the provision of information]

The Centre for Countering Extremist Activities of the Ministry of Internal Affairs for the Republic of Crimea received a letter from the Directorate of Roskomnadzor for the Republic of Crimea and Sevastopol to the effect that the ATR television channel has changed the information content of the mass media outlet and is persistently advancing an idea of potential repressions based on ethnicity and religion, promoting anti-Russian public opinion, deliberately instigating mistrust in the government and its actions among Crimean Tatars, which indirectly poses risks of extremist activities.

In view of the above, based on para. 16 of Part 1 of Article 12, para. 2, para. 4 of Article 10, Article 13 of the Federal Law “On the police”, the Federal Law “On countering extremist activities”, I kindly request you to provide us with copies of certified registration and authorisation documents (including licence ones) that allow the ATR television channel to operate.

Besides, I kindly request you to provide lease agreements for occupied premises, the television channel’s staffing list and officially employed staff, job descriptions of the editor-in-chief and people responsible for publishing materials in the mass media.

Having considered your notification of 5 December 2014 No. 001/12 concerning a picket on the Central Lenina Square on 10 December 2014 from 12 pm to 1 pm, involving 150 individuals, aimed at protesting against the violation of human rights in Crimea, the Administration of the City of Simferopol does not approve the picket on the Lenin Square at the specified time since, according to Order of 25 November 2014 No. 217-r of the Head of the Administration of the City of Simferopol "On the celebration of the New Year 2015 and Christmas", festivities and related organisational activities are scheduled to take place in the specified territory from 1 December 2014 to 7 January 2015.

At the same time, we would like to draw your attention to the fact you misconstrued the substance of the issue in response to notification of 28 November 2014 No. 001/11 that was sent to you since it is not your event that poses a "real threat", but the venue in terms of "obstruction to the passage of transport and access of citizens to urban infrastructure".

Given the above, we suggest that you hold the planned picket in the Gagarin Park (near the sculpture "Three Graces"), and to this effect, it is necessary to submit an appropriate notification.

At the same time, we inform you **that no later than three days before the date of the public event, the organiser of the public event is obliged to inform the local self-government body in writing about whether the latter's proposal to change the venue of the public event as had been specified in the notification of the public event has been accepted or denied (Article 5, Part 4, Para. 2 of Federal Law of 19 June 2004 No. 54-FZ of the Russian Federation).**

Dear Aleksander Aleksandrovich,

The Prosecutor's Office of the Republic of Crimea, on the basis of the information received from the Plenipotentiary of the President in the Crimean Federal District, is checking the activities of the ATR TV channel ("Television Company 'Atlant-SV'" LLC), including in terms of compliance with the requirements of the legislation on countering extremist activities and on the mass media.

It follows from the information that, within the framework of Decree of the President of the Russian Federation of 21 April 2014 No. 268 "On measures aimed at rehabilitation of Armenian, Bulgarian, Greek, Crimean Tatar and German peoples and state support of their revival and development", the Advisory Board for the implementation of the programme has been established under the Plenipotentiary of the President in the Crimean Federal District.

At meetings of this Advisory Board, representatives of public organisations and state authorities repeatedly addressed the activities of the ATR TV channel that airs television programmes in which it is possible to trace anti-Russian public opinion and that some Crimean peoples are set against each other and the state, which can destabilise the situation in the Republic of Crimea on the basis of inter-ethnic and inter-denominational relations.

In view of the above, guided by Art. 6, 22 of the Federal Law "On the Prosecutor's Office of the Russian Federation", I kindly ask you to suspend the registration (as a mass media outlet and the issuance of a license) of the ATR TV channel ("Television Company 'Atlant-SV'" LLC, "ATR") until the prosecutor's review is over.

To No. _____

The Prosecutor General's Office of the Russian Federation received an appeal from the Prosecutor of the Republic of Crimea, N.V. Poklonskaya on the issue of violations of law committed by the ATR TV channel ("Television Company 'Atlant-SV'" LLC, hereinafter – the ATR TV channel, the TV company).

On the basis of the information from the Plenipotentiary of the President in the Crimean Federal District, the Prosecutor's Office of the Republic of Crimea is currently checking the activities of the "ATR" TV channel, including in terms of compliance with the requirements of the legislation on countering extremist activities and on the mass media.

It follows from the above appeal that, within the framework of Decree of the President of the Russian Federation of 21 April 2014 No. 268 "On measures aimed at rehabilitation of Armenian, Bulgarian, Greek, Italian, Crimean Tatar and German peoples and state support of their revival and development", the Advisory Board for the implementation of the programme has been established under the Plenipotentiary of the President in the Crimean Federal District. At its meetings, representatives of public organisations and state authorities repeatedly addressed the activities of the ATR TV channel that airs television programmes in which it is possible to trace anti-Russian public opinion and that some Crimean peoples are set against each other and the state, which can destabilise the situation in the Republic of Crimea on the basis of inter-ethnic and inter-denominational relations.

Similar information was repeatedly voiced at press conferences by D.A. Polonsky, Deputy Chairman of the Council of Ministers of the Republic of Crimea – Minister of Internal Policy, Information and Communications.

Besides, in view of the violations of law identified before, the activities of the TV company are monitored by the prosecution bodies.

Thus, on 3 May 2014, there was an incident in the area of the checkpoint across the state border of the Russian Federation "Armyansk" (Turetsky Val) with the participation of a group of Crimean Tatars (overall, about 1,500 people), where M. Dzhemilev, People's Deputy of Ukraine, illegally arrived on the Russian territory from the Ukrainian territory. According to the decision taken, he is barred from entering Russia for 5 years.

At the same time, journalists of the ATR TV channel were filming these illegal actions at the incident site and subsequently broadcast the video recording of the unauthorised rally, during which its participants made extremist statements.

Publicly broadcasting appeals of such content, leading to incitement of social, racial, ethnic and religious hatred, is prohibited by Article 1 of Federal Law of 25 July 2002 No. 114-FZ "On countering extremist activities".

On 16 May 2014, the Prosecutor of the Republic of Crimea issued a warning to L.E. Islyamov, who is the founder of the TV company, and to the deputy director general of the TV company, L.R.

Budzhurova, on the impermissibility of carrying out extremist activities and violating the Federal Law “On countering extremist activities” and the Law of the Russian Federation “On mass media”.

In addition, during the prosecutor’s inspection, other facts of violations of law were revealed.

According to the available information, the ATR TV channel, bypassing the Roskomnadzor Directorate for the Republic of Crimea and Sevastopol, sent documents for registering as a mass media outlet and obtaining a license for television broadcasting to the Federal Service for Supervision of Communications, Information Technology, and Mass Media.

On the basis of Art. 4 of the Law of the Russian Federation “On the Mass Media”, in order to prevent the use of a media outlet for committing criminal acts or distributing materials containing public calls for terrorist activities or publicly justifying terrorism and other extremist materials, please take into account the facts given in this letter, when considering the issue of the registration of the ATR TV channel by Roskomnadzor as a mass media outlet and providing a public service for licensing television broadcasting.

We ask you to inform the Prosecutor General’s Office of the Russian Federation about the decision taken.

Head of the Directorate for Supervision
over the Execution of Laws on Federal
Security, Inter-ethnic Relations,
Countering Extremism and Terrorism

No. AU-9-545

Dear Aleksandr Aleksandrovich,

Starting from 1 April 2015, when the registration of Crimean media expires in accordance with the Russian law, the world's first and only Crimean Tatar TV channel ATR, and also the Crimean Tatar children's TV channel "Lyale" and the Crimean Tatar radio operating within the same media holding, might stop broadcasting.

This situation has arisen due to the reason that the Federal Service for Supervision of Communications, Information Technology, and Mass Media (the "Roskomnadzor") has already three times returned without consideration the documents to these media, each time finding new "errors" in them without having noticed the errors in previous registration documents (please find attached the statement of the dates of submission of documents and Roskomnadzor's refusals).

A situation where two Crimean Tatar TV channels and radio operating in Crimea for a long time will find themselves outside the Russian legal framework and have to suspend their broadcasting causes counterproductive sentiments in society. Many representatives of the Crimean Tatar people consider these media their national treasure, believe them to be a hope for the revival and development of the language, culture, and distinctive traditions of the people.

Therefore, I apply to you, dear Aleksander Aleksandrovich, to give instructions to provide immediate assistance to the Crimean Tatar television channel mass media outlets in terms of their integration into the Russian legal space.

The Council would be very grateful for information on the results of the consideration of this application.

23 June 2015 No. 1404-05/91
In reply to No. 125 of 22 May 2015

On providing information

Dear Elzara Rustemovna,

The Directorate of the Federal Service for Supervision of Communications, Information Technology, and Mass Media for the Republic of Crimea and the city of Sevastopol, having considered your appeal about the violation of the procedure for the provision of a state service for registration of the media outlet “Radio Meydan” radio channel (incoming No. 2464/91 of 25 May 2015), informs of the following.

Based on paras. 5.4, 5.4.1 of the Statute on the Federal Service for Supervision of Communications, Information Technology, and Mass Media, approved by Resolution of the Government of the Russian Federation of 16 March 2009 No. 228, Roskomnadzor registers media outlets.

Part 1 of Article 7 of the Law of the Russian Federation of 27 December 1991 No. 2124-1 “On mass media” (hereinafter – the Mass Media Law) imposes restrictions regarding the status of the founder of a media outlet. Thus, the founder cannot be:

- a citizen who has not reached the age of 18, a citizen serving a sentence in places of detention by a court decision, a mentally ill person recognized by the court as legally incapable;
- an association of citizens, an enterprise, an institution, or an organization whose activities are prohibited by law;
- a citizen of another state or a stateless person not permanently residing in the Russian Federation.

At the same time, there is currently no normative legal act that defines the procedure for the implementation of this article.

At the same time, the Roskomnadzor Directorate for the Republic of Crimea and the city of Sevastopol has the right to invite the founder of a media outlet to provide information confirming the fact that he meets the requirements of Art. 7 of the Mass Media Law.

It should be noted that the proposal to provide information confirming compliance with the requirements of Article 7 of the Mass Media Law does not constitute the refusal to register a media outlet (hereinafter – the media outlet) or the return of an application without consideration and does not deprive the founder of the right to re-apply for registration of a media outlet.

In connection with the above, we believe that the Roskomnadzor Directorate for the Republic of Crimea and the city of Sevastopol acted within the framework of the current legislation and within its competence.

**To the heads of the administrations of the
municipalities of the Republic of Crimea**

Hereby the Council of Ministers of the Republic of Crimea informs about the decision of the Supreme Court of the Republic of Crimea of 26 April 2016 No. 2a-3/2016 “Concerning the ban on the activities of the public association ‘Mejlis of the Crimean Tatar People’”.

The ban on the “Mejlis of the Crimean Tatar People” is the consequence of the extremist activities of some of its functionaries. The “Mejlis of the Crimean Tatar People” ceased to be related to Crimea and Crimean Tatars after it played a leading role in carrying out the blockade of Crimea and its leaders organised the formation of illegal armed gangs on the territory of the Kherson region of Ukraine with the participation of extremists from international terrorist groupings of a religious nature.

The “Mejlis of the Crimean Tatar People” carried out extremist actions aimed at a forced change of the foundations of the constitutional order and violation of the integrity of the Russian Federation, public justification of terrorism.

The placing of the “Mejlis of the Crimean Tatar People” outside the legal framework of the Russian Federation does not in any way affect the interests and rights of the Crimean Tatar people, since the interests of Crimean Tatars have ceased to coincide with the goals and objectives of the Mejlis and its leaders.

The ban on the activities of the “Mejlis of the Crimean Tatar People” will in no way lead to violation of the right of the Crimean Tatar people to political, economic, social and cultural development for there are currently more than 30 public associations advocating for the rights and interests of the Crimean Tatar people active in the Republic of Crimea.

According to paragraph 3 of Article 10 of the Federal Law [of 25 July 2002] No. 114-FZ [“On countering extremist activities”], in the event of the suspension of the activities of a public or religious association, its regional and other structural units as founders of the media, they shall be prohibited from using state and municipal media, organising and holding assemblies, rallies, demonstrations, marches, picketing and other mass actions or public events, taking part in elections and referendums, using bank deposits, except for the use of them to make payments related to their economic activities, compensation for losses (damage) caused by their actions, payment of taxes, fees or fines as well as the payments under employment contracts.

In accordance with the foregoing, we request you to carry out information and awareness-raising work among the population and in case of non-compliance with the above prohibitions by the public association (its members, activists) concerned or the presence of prerequisites for such non-compliance, being guided by Articles 6, 22 of the Federal Law of 17 January 1992 No. 2202-1 “On the Prosecutor’s Office of the Russian Federation”, we request you to immediately provide information about this and the measures taken to the Prosecutor’s Office of the Republic of Crimea.
